

Topic fun

This week we have been working hard in our LEAPS. Fossils group have been making a T-Rex skeleton and fossils out of clay. Habitats group have been researching different ocean dwelling creatures. Models group have been creating an enormous Triceratops while Sound and Vision have been making puppets for their video. The Café group have been designing plates and cups while Admin and Marketing have been making tickets and posters and designing t-shirts. We have also been working hard on our fantastic Jurassic Parks!

I'm bored box

Why not have a go at making your own models out of clay, plasticine, play dough or even bread dough or biscuits? Find pictures on the internet and make your models as realistic as possible!

Dinosaurs

This week we have been looking at using doubles to help us work out addition problems. We can double a number and add 1 or take 1 away.

Double:

4 8 12 7 13 24 36 83

Now try these:

4+5= 8+7= 12+13= 7+8= 24+25= 83+84=

This week

These are the questions we have been thinking about this week. How many of them can you answer? Some of them are about what you think, and some have more specific answers.

What did you do this week that helped your group?

What does compromise mean?

How does someone else know you are listening to them?

Things to remember...

We are planning to take Year 2 to the beach on the 17th July as part of their End of Year celebrations and we would love as many parents as would like to come with us! Letter to follow, but keep the date free!

On Thursday 21st June please can all year 2 children bring a packed lunch from home.

Don't forget our Dinosaur Museum will happen on the morning of the 26th of June. Please come if you can.

On 27th-28th June the children who are moving on to Holy Trinity will be spending a couple of days at their new school. Any queries, just ask!

If you haven't returned your child's Friendship List for classes for next year, please do so as soon as possible.

Nuts and bolts.

Remember to practise all the different ways we can make -ing words. Can you remember all the rules?
Add -ing to these words

Run Make See Hide Tie

Can you think of any others?

Writing Corner

Can you find a dinosaur poem that rhymes and have a go at writing one yourself? Remember to start a new line each time so that your rhyming words are underneath each other! Think about what sounds are easy to rhyme with and which are not.
